Amzad Hussain Tamim

Software engineer | React | Laravel

As an experienced full-stack web developer and competitive programmer, I am committed to providing high-quality software solutions that meet customer demands. I am versatile and confident in producing the best results for every project because I have a solid understanding of programming languages including Javascript, PHP, C/C++ and Python. I bring a dedication to excellence and a commitment for creating user-friendly software, whether working alone or with a team.
